- Part# PS988AV-EDU5
- Offer ends April 30, 2006

Designed for students who want to create cutting-edge productions while learning the tools that define the industry, Avid Xpress Pro Academic offers a full-featured, scalable growth path-from DV to HD and beyond and offers these key features [\[learn more\]](#):

- NEW! Multicam editing. Work like Hollywood sitcom pros by editing between four camera angles all on single screen, in real time.
- NEW! DVD authoring. Give your DVDs the same menu elements used for feature films with Sonic DVDit! - a value of \$199.99 USMSRP
- NEW! HD done right. Capture DVCPRO HD over IEEE-1394 in real time and create stunning, multi-layer effects with mastering-quality, high-efficiency Avid DNxHD encoding
- Customizable settings and preferences for multi-user environments. Simply enter your personalized login and all of your project, media management, keyboard, and UI preferences are automatically loaded.
- Automatic and NaturalMatch™ color correction. Color correct an entire sequence with a single click or match skin tones from shot to shot.
- Advanced graphics. Play sophisticated animations with transparent layers in real time at output quality.
- Mixed resolutions. Combine DV, SD, and HD footage in one timeline and edit them all in real time.
